

KAMIL KORZENIOWSKI

AI Ethics & Law | Lawyer / Legal Counsel | Web Developer | Bridging Technology, Law and Responsible Innovation

PROFILE

Professional with a background in law and strong technical skills, currently based in France and developing expertise in artificial intelligence ethics and governance. Open to roles in IT teams, legal departments, administrative functions, or project-based work, particularly in AI-related environments. Practical skills in programming (JavaScript, React, Node.js), project management, Agile methodologies, and complex problem solving. Motivated to continue learning and building high-value solutions across different domains.
